

LAND USE PERMIT APPLICATION PACKAGE

SAN LUIS OBISPO COUNTY DEPARTMENT OF PLANNING AND BUILDING 976 OSOS STREET • ROOM 200 • SAN LUIS OBISPO • CALIFORNIA 93408 • (805) 781-5600

Promoting the Wise Use of Land · Helping to Build Great Communities

NOTE: Your application is public record and information regarding your application is available both in person at the Department of Planning and Building in the County Government Center and on the County Planning and Building Department's website. All references to names, addresses, telephone numbers, email addresses and project information are part of this public record. All applications must be filed under the property owner's name and address of the property that is the subject of the application; however, you may use an alternate contact address and telephone number.

REQUIRED CONTENTS

The following information is required to be submitted with your application. If any information is missing, your application may be returned to you until such time as all required materials are included with the submittal.

COPIES – Please provide the following number of copies: ☐ 15 copies of the Completed General Application Form ☐ 1 copy of the Consent of Landowner Form (if applicant does not own the property) ☐ 15 copies of the Completed Land Use Permit Application Form ☐ 1 copy of the Environmental Description Form ☐ 1 copy of the Signed Information Disclosure Form ☐ Completed Accessory Application Form(s) (if applicable) - Curb, Gutter & Sidewalk Waiver, Tree Removal, Variance, Lodge Hill, etc. (these forms are NOT in this package and can be obtained at the Planning and Building Front Counter) **FEES** – Application fees will be calculated at the time of submittal (see last page for fee summary). **PLANS** - If any of the information included as part of this application is available in digital format, please enclose the information via digital media. **SITE LAYOUT PLAN** - an accurate drawing of the property. The site plan must show the following items (where they apply to your site): ■ Exterior boundaries and dimensions of the entire site. North arrow and scale. □ Slope Contour Map (except when a grading plan is required) showing the following: Inside urban reserve lines - show contours at 5-feet intervals for undeveloped areas and 2-feet intervals for building sites and paved or graded areas. Outside urban reserve lines - show contours at 10-feet intervals for undeveloped areas and 2feet intervals for building sites. Steep slopes - areas in excess of 30% slope may be designated as such and contours omitted, unless proposed for grading, construction or other alterations.

	General location of major topographic and man-made features, such as rock outcrops, bluffs, streams, swales and graded areas.
	Location, dimensions and use of all existing and proposed structures on the property, including buildings, decks, balconies, fences, walls, and other structural elements that extend into yard areas.
	Location, name, width, and pavement type of adjacent and on-site streets/alleys.
	Existing/proposed curbs, gutters & sidewalks. All points of access, both existing and proposed.
	Types and location of existing/proposed water supply and sewage disposal facilities.
	Location and dimensions of all existing/proposed easements, driveways and parking areas (enclosed or open), including pavement type.
	Location, diameter (at 4 feet above grade), species, approximate canopy cover (dripline) of all trees on the site, noting which will remain and which are proposed for removal, and include proposals for replacement of trees to be removed.
	All areas proposed for grading and landscaping.
	Any areas proposed to be reserved and maintained as open space.
	Location, use and approximate dimensions of all structures within 100 feet of the site's boundaries.
	A vicinity map showing precisely how to drive to the site. (include street names and distances to help with describing how to get to the site)
	Coastal Access - If the project is within the coastal zone and located between the ocean and the nearest public road, applications shall include the locations of the nearest public access points to the beach
and sti	MINARY FLOOR PLANS AND ARCHITECTURAL ELEVATIONS - showing height of buildings ructures, color, texture and material of exterior finishes and roofing (not required for most tural buildings).
	ATIONS - (relative height) from the finish floor of the garage or other parking area to the edge of vement or road at the driveway entrance.
	S OF PLANS - If any of the information included as part of this application is available in digital please enclose the information via digital media.
	II-Sized Plans 7 copies of all drawings in a full-size format (larger than 11 by 17 inch page).
	ductions 8 copies of all drawings reduced to the size of an 8-1/2 by 11 inch page. 1 copy of all drawings reduced to the size of an 11 by 17 inch page.

OTHER INFORMATION

Legal Lot Verification - how the parcel(s) was legally created.

Abandoned oil and gas wells - if applicable - information is available from the California Division of Oil & Gas, Post Office Box 227, Santa Maria, California 93456, (805) 925-2686.

SUPPLEMENTAL INFORMATION

The following information may be required to be submitted before a review of the application can be completed. If you had a pre-application meeting, and items are checked on this checklist, they are required to be submitted with your application.

	Preliminary Landscaping Plan prepared pursuant to Section 22/23.04.180 et seq.
	Fire Safety Plan prepared pursuant to Section 22/23.05.080 et seq.
	Preliminary Grading/Drainage Plan - when required by Section 22/23.05.020 & .040
	Agricultural Buffers - if adjacent parcels are used for agriculture, show all proposed agricultural
	buffers.
	Archeological Report - where required, submit two copies.
	Botanical Report - where required, submit two copies.
	Biological Report - where required, submit two copies.
	Building Site Envelopes - on site layout plan show all areas proposed for development, or areas
	proposed to be excluded from development.
	Noise Study - if the property either adjoins or will be a noise generator or a potential source of
	noise.
	Traffic Study - where required, submit two copies.
	Geologic Report - where required, submit two copies.
	Visual Analysis - for applications that propose development along significant visual corridors
	(such as Highway 101 and 1).
	Location, size, design and text of all existing and proposed signs.
	Location and design of solid waste disposal facilities - as required by Section 2/23.04.280.
	Cross-section drawings. The drawings shall include two sectional views of the project,
	approximately through the middle and at right angles to each other. The existing and proposed
	grades and the location of and distances between buildings, parking and landscaping shall also
_	be provided.
	proposed), and any information that is pertinent or helpful to the understanding of the proposal,
_	such as photos, statistical data, petitions, etc.
	Water will-serve letter OR Well pump test (4-72 hour).
	Sewer will-serve letter OR Percolation tests.
	County Public Works road requirements.
	Road Plan and Profile / Culvert Plan and Profile / Streetscape Plan.
Ш	Cost Accounting Agreement.

ENVIRONMENTAL DESCRIPTION FORM

San Luis Obispo County Department of Planning and Building

File No

The California Environmental Quality Act (CEQA) requires all state and local agencies to consider and mitigate environmental impacts for their own actions and when permitting private projects. The Act also requires that an environmental impact report (EIR) be prepared for all actions that may significantly affect the quality of the environment. The information you provide on this form will help the Department of Planning and Building determine whether or not your project will significantly affect the quality of the environment.

To ensure that your environmental review is completed as quickly as possible, please remember to:

- a. Answer **ALL** of the questions as accurately and completely as possible.
- b. Include any additional information or explanations where you believe it would be helpful or where required. Include additional pages if needed.
- c. If you are requesting a land division or a re-zoning, be sure to include complete information about future development that may result from the proposed land division or rezoning.
- d. Include references to any reports or studies you are aware of that might be relevant to the questions asked or the answers you provide.

Should a determination be made that the information is inaccurate or insufficient, you will be required to submit additional information upon request.

Physical Site Characteristic Information

Your site plan will also need to show the information requested here:

1.	Describe the topography of the site:			
	Level to gently rolling, 0-10% slopes:	acres		
	Moderate slopes of 10-30%:	acres		
	Steep slopes over 30%:	acres		
2.	Are there any springs, streams, lakes or mars	shes on or near the site?	Yes	☐ No
	If yes, please describe:			
3.	Are there any flooding problems on the site of	r in the surrounding area?	Yes	□ No
	If yes, please describe:			
4.	Has a drainage plan been prepared?		Yes	□ No
	If yes, please include with application.			
5.	Has there been any grading or earthwork on	the project site?	Yes	□ No
	If yes, please explain:			
6.	Has a grading plan been prepared?		Yes	□ No
	If yes, please include with application.			
7.	Are there any sewer ponds/waste disposal si	tes on/adjacent to the project?	Yes	□ No
8.	Is a railroad or highway within 300 feet of you	ır project site?	Yes	□ No
9.	Can the proposed project be seen from surro	unding public roads?	Yes	□ No
	If yes, please list:			

Water Supply Information

1.	What type of water supply is proposed?
•	□ Individual well □ Community water system
2.	What is the proposed use of the water?
	□ Residential □ Agricultural - Explain
	□ Commercial/Office - Explain
^	□ Industrial – Explain
3.	What is the expected daily water demand associated with the project?
4.	How many service connections will be required?
5.	Do operable water facilities exist on the site?
6	☐ Yes ☐ No If yes, please describe:
6.	
7	☐ Yes ☐ No If yes, please attach.
7.	Does water meet the Health Agency's quality requirements?
	Bacteriological? ☐ Yes ☐ No Chemical? ☐ Yes ☐ No
	Physical ☐ Yes ☐ No Water analysis report submitted? ☐ Yes ☐ No
0	Water analysis report submitted? — Tes — Ino
δ.	Please check if any of the following have been completed on the subject property and/or submitted to
	County Environmental Health.
	☐ Well Driller's Letter ☐ Water Quality Analysis ☐ OK or ☐ Problems
	□ Will Serve Letter □ Pump Test HoursG.P.M.
	□ Surrounding Well Logs □ Hydrologic Study □ Other
	ase attach any letters or documents to verify that water is available for the proposed project.

Solid Waste Information

1.	What type of solid waste will be generated by the project?
2	☐ Domestic ☐ Industrial ☐ Agricultural ☐ Other, please explain?
۷. ع	Where is the waste disposal storage in relation to buildings?
	Does your project design include an area for collecting recyclable materials and/or composting
٠.	materials?
Con	nmunity Service Information
1.	Name of School District:
2.	Location of nearest police station:
	Location of nearest fire station:
_	Location of nearest public transit stop:
	Are services (grocery/other shopping) within walking distance of the project? Yes No
٥.	If yes, what is the distance? feet/miles
Hist	oric and Archeological Information
1.	Please describe the historic use of the property:
2	Are you aware of the presence of any historic, cultural or archaeological materials on the project site
۷.	or in the vicinity? \square Yes \square No
	If yes, please describe:
2	Has an archaeological surface survey been done for the project site?
٥.	If yes, please include two copies of the report with the application.
Con	nmercial/Industrial Project Information
Onl	y complete this section if you are proposing a commercial or industrial project or zoning
-	nge.
1	Davis of Operation:
	Days of Operation: Hours of Operation:
	How many people will this project employ?
3.	Will employees work in shifts?
	If yes, please identify the shift times and number of employees for each shift
4.	Will this project produce any emissions (i.e., gasses, smoke, dust, odors, fumes, vapors)?
	Yes No If yes, please explain:
5.	Will this project increase the noise level in the immediate vicinity? ☐ Yes ☐ No
	If yes, please explain:
6	(If loud equipment is proposed, please submit manufacturers estimate on noise output.) What type of industrial waste materials will result from the project? Explain in detail:
υ.	what type of industrial waste materials will result from the project? Explain in detail.
7.	Will hazardous products be used or stored on-site? ☐ Yes ☐ No
	Will hazardous products be used or stored on site:
	If yes, please describe in detail:
	· ·

9.	the project: Between 7:00 - 9:00 a.m Between 4:00 to 6:00 p.m
	. Are you proposing any special measures (carpooling, public transit, telecommuting) to reduce automobile trips by employees ☐ Yes ☐ No If yes, please specify what you are proposing:
11	Are you aware of any potentially problematic roadway conditions that may exist or result from the proposed project, such as poor sight distance at access points, connecting with the public road? Yes No If yes, please describe:
<u>Agri</u>	cultural Information
-	complete this section if your site is: 1) Within the Agricultural land use category, or 2) ently in agricultural production.
	Is the site currently in Agricultural Preserve (Williamson Act)? If yes, is the site currently under land conservation contract? If your land is currently vacant or in agricultural production, are there any restrictions on the crop productivity of the land? That is, are there any reasons (i.e., poor soil, steep slopes) the land cannot support a profitable agricultural crop? Please explain in detail:
Spe	ecial Project Information
1.	Describe any amenities included in the project, such as park areas, open spaces, common recreation facilities, etc.(these also need to be shown on your site plan):
2.	Will the development occur in phases? ☐ Yes ☐ No If yes describe:
3.	Do you have any plans for future additions, expansion or further activity related to or connected with this proposal? Yes No If yes, explain:
4.	Are there any proposed or existing deed restrictions? ☐ Yes ☐ No If yes, please describe:
Ene	rgy Conservation Information
1.	Describe any special energy conservation measures or building materials that will be incorporated into your project *:
	*The county's Building Energy Efficient Structures (BEES) program can reduce your construction permit fees. Your building must exceed the California State Energy Standards (Title 24) in order to qualify for this program. If you are interested in more information, please contact the Building Services Division of the Department of Planning and Building at (805) 781-5600.
Envi	ronmental Information
1.	List any mitigation measures that you propose to lessen the impacts associated with your project:

2.	Are you aware of any unique, rare or endangered species (vegetation or wildlife) associated with the project site? Yes No
	If yes, please list:
3.	Are you aware of any previous environmental determinations for all or portions of this property? □ Yes □ No
	If yes, please describe and provide "ED" number(s):
<u>Oth</u>	er Related Permits
1.	List all permits, licenses or government approvals that will be required for your project (federal, state and local):
	(If you are unsure if additional permits are required from other agencies, please ask a member of the Planning Department staff currently assigned in either Current Planning or the Environmental Division.)

INFORMATION DISCLOSURE FORM

San Luis Obispo County Department of Planning and Building

File No		

TIME LIMITS FOR PROCESSING AND PUBLIC NOTICE DISTRIBUTION REQUIREMENTS - California state law (California Government Code Section 65941.5) requires that the county provide the following information to applicants, when a permit application is filed:

Not later than 30 days after a land use or land division application is received, the county must notify the project applicant or designated representative in writing either that the application is complete, or that items are necessary to complete the application. If you are not notified in writing, the application is considered complete. Any land use or land division application must be approved or denied within three months of adoption of the Negative Declaration or determination that the project is exempt, or within six months of the certification of an Environmental Impact Report. The County of San Luis Obispo processes the land use application and the environmental review concurrently, so these decisions are made simultaneously. (Government Code Sections 65943 and 65950, et seq.)

A project applicant may make a written request to the county to receive notice of any proposal to adopt or amend the general plan and the land use, real property division, building and construction, road name and addressing, and growth management ordinances which might reasonably be expected to affect that applicant's project. The county offers a subscription service for notification of either: (1) all applications received by the county, or (2) Planning Commission agendas. The cost for each of these services is established by the county fee ordinance. (Government Code Sections 65945, 65945.3 and 65945.5)

When a property was created through recordation of a final or parcel map, and it is within five years of recordation, the county cannot withhold or condition the issuance of building permits for residential units based on conformance with conditions that could have been imposed as conditions of the tentative map, except where: (1) A failure to do so would place subdivision residents or residents in the immediate area in a condition perilous to health, safety or both; or (2) The condition is required in order to comply with state or federal law. (Government Code Section 65961)

Copies of Government Code Sections are available at the County of San Luis Obispo Law Library, County Government Center, San Luis Obispo, California.

RIGHT TO FARM DISCLOSURE - The County of San Luis Obispo recognizes the statewide policy to protect and encourage Agriculture. Sections 3482.5 and 3482.6 of the California Civil Code and Chapter 5.16. of the San Luis Obispo County Code protect certain, pre-existing agricultural production and processing operations ("agricultural operation") from nuisance claims. If your property is near a protected agricultural operation, you may be subject to certain inconveniences and/or discomforts which are protected by law. In order for the agricultural operation to be protected, the following requirements of Civil Code Sections 3482.5 and 3482.6 must be satisfied:

(1) The agricultural operation must be conducted or maintained for commercial purposes; (2) The agricultural operation must be conducted or maintained in a manner consistent with proper and accepted customs and standards as established and followed by similar agricultural operations in the same locality; (3) The agricultural operation predated the affected use(s) on your property; (4) The agricultural operation has been in existence for more than three years; and (5) The agricultural operation was not a nuisance at the time it began.

If your property is near an agricultural operation in the unincorporated area of the County which satisfies the above requirements, you may at times be subject to one or more inconveniences and/or discomfort arising from that operation. Such inconveniences may include (depending upon the type of agricultural operation protected), but are not necessarily limited to, the following: noise, odors, fumes, dust, legal pesticide use, fertilizers, smoke, insects, farm personnel and truck traffic, visual impacts, night time lighting, operation of machinery and the storage, warehousing and processing of agricultural products or other inconveniences or discomforts associated with the protected agricultural operations. For additional information pertaining to this disclosure and the Right to Farm Ordinance, or concerns with an agricultural operation, please contact the San Luis Obispo County Agricultural Commissioner's Office.

HAZARDOUS WASTE AND SUBSTANCE SITES AND LANDFILL DISCLOSURE - Please verify whether your project is on the Known Hazardous Waste and Substances Sites List pursuant to AB 3750 and if you are within ½ mile of certain landfills (see back of sheet).

PLEASE COMPLETE AND SIGN BELOW

I acknowledge that I have read and understand the information and policy and detailed above: (1) Time Limits for processing and (2) Public Notice Distribution requirements and (3) the Right to Farm Disclosure.

AND

cknowledge that I have reviewed the list of Identified Hazardous Waste and Substances Sites List and a Landfill Disclosure on the back of this form and find the following: (1) The site is not shown on the list Identified Hazardous Waste and Substances Site; (2) The site is not shown on the list dated April 1998, any later list published by the State Office of Planning and Research and (3) I have read the disclosure attement on landfill operations. Leak

LANDFILL OPERATIONS DISCLOSURE EL POMAR/ESTRELLA PLANNING AREA

If your site is located within 1/2 mile of either the Paso Robles Municipal or the Chicago Grade Landfills (see maps on file with the Department of Planning and Building), this acts to notify you of your proximity to a landfill operation and all of associated inconveniences and discomforts resulting from the continuing and future operation such landfill, including possible expansions. Persons living near landfills may contact the California Integrated Waste Management Board (916) 341-6413 to seek available remedies concerning any improper or unlawful activities at the landfill.

LAND USE PERMIT APPLICATION FEES

San Luis Obispo County Department of Planning and Building

As of July 1, 2008

How Much Will It Cost To Process My Land Use Permit Application?

The following are **estimated** filing fees for land use permits that are set by the county fee ordinance each year. They are based on what it costs to process your application. Fees vary depending on the complexity of the permit. The following worksheet is a summary of possible estimated application fees.
